

ELECTRICAL PRODUCTS CATALOGUE

About Us

For the infusion of technology with quality products are the way forwards to enable our clients in getting the best they can have. Of course, this bond is strengthened with the array of products we have for commercial purposes.

As a blacksmith uses heat to temper steel, so does the fire of achieve success strengthen our mettle. You will get the best of the industry products with long-lasting quality at a competitive price. Our Make In India mission began way back in 1969 at Vatva, initiated by Mr. Omprakash Agarwal, and continues today under the leadership of Mr. Vikas Agarwal. Our zealous mission to showcase Indian products as the best in quality and endurance was the mainstay motive for starting Manish Corporation.

Initially, we focused on a few products, but over time, we have expanded our offerings to include a wide range of metal products that cater to all your industrial and commercial requirements. Our commitment to excellence and customer satisfaction has been the driving force behind our growth and success.

Mr. Omprakash Agarwal has been involved in the trading and supply of mill store products and general hardware items since 1969. Later, his son, Mr. Vikas Agarwal, joined the business, bringing fresh energy and vision. Leveraging their family's expertise, they have also operated rolling mills for producing various products such as angles, channels, flats, rounds, squares, and strips, along with the cold rolling of E.R.W. pipes.

The company primarily focuses on consumables, machinery, stores, and spares to support industries and help them grow by becoming their reliable partner in supplying high-quality products. These products are efficiently manufactured to enhance productivity, minimize breakdowns, and ensure the best effective use of consumables, thereby reducing production costs. Our practical knowledge and expertise in the industry provide invaluable insights needed to maintain and drive growth.

Manish Corporation caters to the diverse needs of various industries, including steel re-rolling mills of all sizes for structure, TMT, strip, E.R.W. pipe plants, induction furnaces, concast, continuous machines, and cement, sugar, and paper mill machinery. Additionally, we supply their essential consumables. These are the mainstay items for Manish Corporation.

Mission

Our mission at Manish Corporation is to provide unparalleled products and services in the Refractory, Engineering, Hardware, Agricultural, and Heavy Machinery sectors. We aim to achieve excellence through continuous improvement, leveraging advanced technologies and industry best practices. Our dedicated team strives to exceed customer expectations by delivering high-quality products and comprehensive service solutions, fostering a culture of trust and reliability.

Vision

Our vision is to be a global leader in our industry, recognized for our innovative approach, superior product quality, and exceptional customer service. We aspire to create sustainable growth by expanding our market presence and enhancing our product portfolio, while maintaining our commitment to environmental stewardship and social responsibility. Through our efforts, we seek to contribute to the industrial progress and economic development of the communities we serve.
